

- PROFILE** Assistant professor and mixed-methods researcher in public health with a strong domestic and international research background. Research focus on gender-based violence, HIV/STI, and LGBTQ health.
- EDUCATION**
- Johns Hopkins School of Public Health** *Aug. 2013 – Aug. 2017*
Ph.D., Department of Population, Family and Reproductive Health
 Dissertation: “Understanding the impact of multiple forms of violence on sexual and drug-related HIV risk in female sex workers”
- Johns Hopkins School of Public Health** *Aug. 2010 – March 2012*
Master of Science in Public Health, Global Disease Epidemiology and Control
 Department of International Health
- University of Maryland**, College Park, MD *Sept. 2006 – May 2010*
Bachelor of Science, Cell Biology and Molecular Genetics (summa cum laude)
Bachelor of Arts, Piano Performance (summa cum laude)
 Minor, French Studies
- ACADEMIC AND RESEARCH POSITIONS**
- University of Michigan School of Nursing, Department of Health, Behavior, and Biological Sciences**, Ann Arbor, MI
Assistant Professor *Sept. 2019 – present*
Postdoctoral Fellow *Nov. 2017 – present*
- Johns Hopkins Departments of Epidemiology and Population, Family, and Reproductive Health**, Baltimore, MD
Research Assistant *Mar. 2015 – Oct. 2017*
 Conducted participant observation/ethnographic fieldwork with Baltimore police
 Recruited, surveyed, and interviewed Baltimore drug-using sex workers
- Fenway Health**, Boston, MA
Clinical Data Specialist and Consulting Co-Investigator *Dec. 2012 – present*
 Studied cervical cancer screening among sexual and gender minorities
- Johns Hopkins Department of International Health**, Baltimore, MD
Research and Field Coordinator *July 2011 – Dec. 2012*
 Designed mixed-methods study of Mongolian sex worker HIV risk and violence
 Assessed HIV and human rights issues in Gambian sex workers and MSM
 Conducted survey implementation, field staff training, and data management
 8 months of international experience in Gambia, Senegal, and Mongolia
- JOURNAL PUBLICATIONS**

RESEARCH
SUPPORT
(CURRENT)

UM Injury Prevention Center Exploratory Project (Peitzmeier)

Sept. 2020 – Aug. 2021

Adapting an evidence-based sexual assault prevention intervention for women undergraduates for online delivery

\$50,000

Role: PI

NICHD R21 HD097234-01 (Stephenson/Peitzmeier)

Sept. 2019 – Aug. 2021

Partner Violence in Transgender Populations: Context, Risk, and Health Impact

This study will investigate the unique context of, risks for, and health impact of intimate partner violence (IPV) in transgender populations, as well as validate the first IPV scale for use in transgender populations.

\$450,000

Role: MPI

RESEARCH
SUPPORT
(COMPLETED)

UM IRWG Seed Grant: Transgender Health and Empowerment (Peitzmeier)

April 2019 – March 2020

Binding Health Study

Chest binding is a daily practice for many transmasculine individuals that can result

in negative physical health outcomes ranging from back pain to rib fractures, yet no longitudinal data exist to untangle what binding practices are associated with the most risk. This pilot study will develop validated tools for assessing binding practices and binding-related impacts on health, and use these to assess practices and impacts in a group of 30 individuals over 90 days.

\$10,000

Role: PI

UM Population Dynamics and Health Program Seed Grant (Peitzmeier)
UM Institute for Research on Women and Gender Seed Grant (Peitzmeier)
Michigan Institute for Clinical & Health Research Seed Grant (Peitzmeier)

Jan. 2019 – Dec. 2020

Adapting an evidence-based sexual assault prevention intervention for transgender undergraduates

This study collects all formative data necessary to adapt a CDC-recommended sexual assault prevention intervention for transgender undergraduate students by addressing key holes in the literature around the contexts in which transgender undergraduates experience sexual assault.

\$24,000

Role: PI

UM Janet Gatherer Boyles Fund Seed Grant (Peitzmeier)

Sept. 2018 – Aug. 2019

Masculinity, Affirmation, and Self-conceptualization Study (MASCs)

This qualitative study investigates conceptualizations of masculinity among trans-masculine individuals and explores how masculinity influences health behaviors, such as diet, exercise, alcohol use, tobacco use, health care seeking, and mental / emotional / relational health.

\$3,000

Role: PI

NIDA F31 DA040558 (Peitzmeier)

Mar. 2016 – Oct. 2017

HIV Risk, Substance Use, and Polyvictimization Among High-Risk Women

Dissertation work exploring how different types of violence (from clients, police, intimate partners, and pimps) differentially affect sexual and drug-related HIV risk among female sex workers in Russia, and how polyvictimization with multiple forms of violence synergistically propagates HIV risk.

\$75,896

Role: PI

PCORI CER-1403-12625 (Reisner)

Oct. 2014 – Sept. 2016

Preventive sexual health screening among female-to-male (FTM) transgender adult patients

Two-year study assessing acceptability and effectiveness of alternative sexual-health screening modalities in transgender men.

\$813,000

Role: Co-investigator

NICHD T32 HDO64428 (Campbell)

Aug. 2013 – Aug. 2015

Interdisciplinary Training on Preventing and Addressing Violence in Families

Role: Predoctoral trainee

Johns Hopkins Center for Public Health and Human Rights

Jan. 2012

Student Research Grant

\$5,000 research grant supporting work I proposed and conducted in Mongolia

HHMI Research Fellowship

May 2008 – May 2010

Laboratory research at the University of Maryland and University of Glasgow on B- and T-cell responses in multiple sclerosis patients

RESEARCH
SUPPORT
(NOT AWARDED)

R25 MH126703-01 *Apr. 2021 – Mar. 2026*
Pipeline to Graduate Education and Careers in Behavioral and Social Science Research for URM Undergraduates: Addressing HIV in Sexual and Gender Minority Communities

Impact Score: 20
Under review
Role: Co-investigator

NICHD R01 MD013822-01 (Stephenson)

Dec. 2019 – Nov. 2024

Project Discover: A prospective cohort of gender, stigma and health

This two-year longitudinal cohort of 500 transgender and 500 cisgender adults aims to elucidate how trans-specific stressors and stigma are embodied in health outcomes via examination of stress biomarkers, health behaviors, and healthcare seeking.

Role: Co-investigator

Submission impact score 52, percentile 50

American Cancer Society, Grant # RSG CPHPS - 133323 (Deutsch)

July 2019 – June 2023

Impact of sexual behaviors on presence of cervical high-risk HPV infection

The study aims to quantify the association between specific sexual practices and high risk HPV infection in order to develop an LGBT-inclusive HPV risk prediction model for clinical use.

Role: Co-investigator

Submission score “good”

AWARDS

Dr. Michael Koenig Memorial Fund awards, for \$6,500 and \$10,000 of tuition support (Apr. 2015 and Apr. 2016)

Student Scholarship to attend the National Science Foundation/National Institute of Justice Workshop on Intimate Partner Violence Prevention (Mar. 2014)

Georgeda Buchbinder Award, awarded to two students annually for excellence in the Johns Hopkins International Health department (April 2011)

University Medal, awarded to the top student in the University of Maryland graduating class of more than 5,000 students (May 2010)

Rhodes (2009) and Marshall (2009, 2012) Scholarship Finalist

Philip Merrill Presidential Scholar, awarded to the 25 most successful rising seniors at the University of Maryland (Mar. 2009)
